

JAPAN TO PROTEST CALIFORNIA RESULT

Negotiations Likely to Follow and Permanent Settlement Is Expected.

TOKIO, Nov. 4 (Associated Press).—When confirmation has been received that the people of California have voted in favor of the proposed land law in that State, Japan will lodge a protest in Washington, pointing out the measure conflicts with Japanese treaty rights, according to the Tokyo Chuo, an independent organ, which quotes a Foreign Office official to this effect. Formal negotiations, the newspaper says, will follow and an agreement permanently removing the cause of the trouble, which breaks out every four years, may be expected to be reached.

PLAINFIELD FIRE CHIEF DIES.
William E. Townley, sixty-two years old, who was made Chief of the Plainfield (N. J.) Fire Department on Oct. 18 last after thirty-two years of service, died yesterday. He succeeded A. B. Jennings, who retired Sept. 1. The latter died Oct. 23 following an accident.

PENSION SING SING KEEPERS.

Four Veterans Met 15,000 Prisoners During Service.

Your veteran Sing Sing attendants, including Keeper John J. Rowe, who for years had opened the south gate and admitted newly-arriving prisoners, were pensioned yesterday and placed on the retired list.

Each of the four knew over 15,000 prisoners during his service. John Hayden, instructor and keeper of the brush shop, had been employed at the prison twenty-nine years; Keeper C. W. Carey

worked but two months less; Robert J. Martin, keeper, who returned Chester Yates, jail-breaking wizard, to Sing Sing seven years after he escaped, had twenty-five years, and Keeper Rowe was employed twenty-six years.

Two years to pay—but only one day to buy. It's a small price under any circumstances for the amount of joy a player piano—that *everybody* can play—can bring to a home. Only the maker's bankruptcy made it possible at all—brought us—and you—these players—all brand new—priced regardless of cost to manufacture. While you're paying for it, it earns its keep—in joy—many times over. Remember—it's a wise step—if you take it at once—but after tomorrow—too late!

You'll want to see—and try—and hear this player. You'll want to know how it's made—carefully, correctly—with modern improvements—a player so popular that it has practically built up our piano business during the last two years, to one of the very largest in the country. And added to quality: terms:
